Standard Designs

ORTC, TEMF & UEx/UEy

Army Standing Committee Meeting -- May 2005

Standard Designs

For US Army MILCON

- **Scope:**
  - **Develop mandatory design criteria for several common MILCON facilities**
  - **Incorporate state-of-the art architectural/technical features**
  - **Include latest/appropriate IS/IT to support today's evolving requirements with growth potential**
- **Status: On-going**

Standard Design

For US Army MILCON

Current/Recent Designs:

- **ORTC: <u>Completed</u>**

  Organizational Readiness Training Complex

- **TEMF: <u>In-progress</u>**

  Tactical Equipment Maintenance Facilities

- **UEx/UEy: <u>In-progress</u>**

  Division/Corps/Army C2 Facilities

ORTC

Operational Readiness Training Complex
-- Completed 2005 --

- Lead: Savannah District
- Scope:
  - Series of facilities to support 'activated' Army units
  - Austere design for immediate construction/use
  - Include IS/IT to support evolving requirements

TEMF

Tactical Equipment Maintenance Facilities

-- In Progress --

- Initiated: 2004
- Lead: Savannah District
- Scope:
  - Series of facilities to support 'transformed' Army.
  - Modern/best state-of-the art design
  - Include IS/IT to support evolving requirements
- Status: EDED participating as IS/IT

UEx & UEy C2 Facilities

C2 Facilities for Transformed Army
-- In Progress --

- **Initiated: 2004/2005**
- **Lead: Savannah District**
- **Scope: Series of facilities to support 'transformed' Army:**
  - **UEx 2 Star (~Division level HQ)**
  - **UEx 3 Star (~Corps level HQ)**
  - **UEy (~Army Level/Theater Land Force HQ)**
- **Include IS/IT to support evolving requirements**

Standard Designs

For US Army MILCON

- **Summary:**
  - **Viable dynamic program**
  - **Excellently managed by Savannah**
  - **Producing needed design standards**
  - **Incorporating latest technologies**
  - **Targeting evolving requirements with flexibility**
- **Status: On-track, on-time, and well worth the effort**
